**UNITED for Children**

We believe in helping kids learn, grow, and thrive! From babies through teenagers, all children love to learn. We provided holistic early childhood care and education, gave kids books and school supplies, and funded children's summer enrichment programs.

**UNITED for Food**

We want to live in communities where all of our neighbors have enough to eat. We are committed to tackling the root causes of food insecurity while increasing access to nutritious food. Each year, we feed tens of thousands of children and adults through food distributions, pop-up pantries, summer meals for kids, serving prepared meals, and more.

**UNITED for Creating Change**

 **2,254**  
educated through equity challenge

We successfully advocated for policy changes like expanding summer meals for kids, funding for homelessness work, and a Child Tax Rebate which benefited 369,863 CT children.

We believe in offering our neighbors the resources and support to build a stable financial foundation. Our work included direct financial assistance, workforce development, and assisting thousands of households with free tax preparation.
