PART 5 - HOMELESS HISTORY INSTRUCTIONS & EXAMPLE

In <u>Part 4</u>, provide the requested information about locations where the applicant resided during the <u>last three</u> <u>years</u>. Occasions can include more than one location and must be separated by at least a 7-night break when the individual did not meet the homeless definition. Unless there is evidence of a break in homelessness of 7 or more nights, documentation of an encounter with a service provider on a single day within 1 month, counts for the entire month. Each month can be counted only once. To qualify a participant as **DedicatedPLUS** you must document:

- At least **12 consecutive months** of qualified homelessness OR at least **4 separate occasions** within the last three years provided that the **total time homeless during those occasions equals at least twelve months**; OR
- Residing in a **Transitional Housing (TH)** project that will be eliminated and was chronically homeless when entered TH project (some PSH projects awarded in 2019 may have a waiver of the elimination criterion); OR
- Residing in Emergency Shelter (ES), Safe Haven (SH) or unsheltered location and had been admitted and enrolled in a PSH or RRH project (having met CH criteria upon entering) within last year, but was **unable to maintain housing placement;** OR
- Residing in **TH funded by a Joint TH and PH-RRH** component project and who were experiencing chronic homelessness prior to entering the project; OR
- Residing in ES, SH or unsheltered location for at least 12 months in the last three years, but **has not done so on four separate occasions**; OR
- Receiving assistance through a Department of Veterans Affairs (VA)-funded homeless assistance program and **met one of the above criteria** at initial intake to the VA's homeless assistance system. AND
- **Disabling Condition Verification** must be completed for the individual or head of household.

Required Documentation Must Be Attached and Uploaded to HMIS - For more details see <u>Part 6</u>.

I. PERMANENT SUPPORTIVE HOUSING – FOR PEOPLE EXPERIENCING <u>CHRONIC</u> <u>HOMELESSNESS</u>

All CT BOS PSH was required to accept only people experiencing chronic homelessness until January 1, 2021. After January 1, 2021 all CT BOS PSH became DedicatedPLUS.

CHRONIC HOMELESS DEDICATED PSH -	DEFINITION & REQUIRED EVIDENCE
DEFINITION OF CHRONIC HOMELESSNESS - To be	REQUIRED EVIDENCE:
eligible for chronic homeless dedicated PSH:	
 Disability - An adult individual or, for families, head of household must have a qualifying disability; Disabling Condition is defined by HUD as a condition that: Is expected to be long-continuing or of indefinite duration; Substantially impedes the individual's ability to live independently; AND Could be improved by the provision of more suitable housing conditions; AND Is a physical, mental, or emotional impairment, including an impairment caused by alcohol or drug abuse, post-traumatic stress disorder, or brain injury; OR Is a developmental disability, as defined in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (42 U.S.C. 15002); or Is the disease of acquired immunodeficiency syndrome (AIDS)or any condition arising from the etiologic agency for acquired immunodeficiency syndrome, including infection with HIV. 	See <u>Disabling Condition Verification Form</u> .
Must be experiencing Literal homelessness at project entry – Must live in a place not meant for human habitation, a safe haven or an emergency shelter; see below for information about RRH and institutional stays. (<i>Note: People living in</i> <i>Transitional Housing are not defined as chronically</i> <i>homeless by HUD.</i>); AND	Third-party evidence of residing in ES, SH or unsheltered location at the time of PSH project entry (e.g., print out from HMIS or signed ES/SH/or outreach provider letter).

CoC Program Participant Homelessness Verification F	orm
--	-----

RRH AND INSTITUTIONAL STAYS:	REQUIRED EVIDENCE:
An individual who has been residing in an institutional care facility , including a jail, substance abuse or mental health treatment facility, hospital, or other similar facility, for fewer than 90 days AND who was experiencing chronic homelessness before entering that facility also qualifies. Stays in institutional care for fewer than 90 days will not constitute a break in homelessness, but rather such stays are included in the 12-month total, as long as the individual was living in a place not meant for	Discharge paperwork or a written or oral referral from an appropriate official of the institution, stating the beginning and end dates of the time residing in the institution demonstrating the person resided there for less than 90days. All oral statements must be recorded; OR Where the evidence above is not obtainable, a written record of the intake worker's due diligence in attempting to obtain the evidence described in the paragraph above and a certification by the individual seeking assistance that states that they are exiting or have just exited an institution where they resided for less than 90 days;
human habitation, safe haven, or emergency shelter immediately before entering the institution.	AND Third-party evidence that the individual was experiencing chronic homelessness and living in a place not meant for human habitation, a safe haven, or in an emergency shelter, immediately prior to entry into the institutional care facility (see above).
RRH participants who were experiencing chronic homelessness upon RRH entry retain their chronic homelessness status during the time period that they are receiving the RRH assistance. Though RRH participants retain their chronic status during the time period that they are receiving the RRH assistance, time spent in RRH does not count towards an applicants' duration of homelessness.	Third-party evidence of residing in RRH at the time of PSH project entry (e.g., print out from HMIS or signed RRH provider letter); AND Evidence that the individual was experiencing chronic homelessness and living in a place not meant for human habitation, a safe haven, or in an emergency shelter, immediately prior to entry into RRH (see above).

OTHER IMPORTANT DETAILS REGARDING CHRONIC HOMELESS STATUS:

HUD has determined that once a household has been determined to meet chronic homelessness eligibility and has been accepted into a CoC Program-funded permanent supportive housing program, that, *under limited circumstances*, household may stay with a friend or family, in a hotel/motel, or in a transitional housing bed, while a PSH bed is identified. HUD has determined that after an individual or family has been accepted into a program but before an appropriate unit has been identified, a household may stay with a friend or family or in a hotel or motel without losing their eligibility for the PSH program in which they have already been accepted. HUD would also allow a CoC to temporarily house the participant in an available transitional housing bed while a permanent housing unit is identified. This allowance is only permitted in the circumstances described here and does not apply to persons enrolled in transitional housing that were considered chronically homeless prior to entry into the program and the following requirements apply:

- (1) The transitional housing provider cannot place any requirements on the program participant, including requiring a program participant to participate in services or to meet sobriety requirements.
- (2) The PSH provider must be **actively** assisting the program participant to identify a unit as quickly as possible and must be able to document attempts at locating a unit in the case file. Placing a program participant into a permanent housing unit should not take any longer than the time it would normally take to place someone in permanent housing who is residing on the streets or in an emergency shelter.

(3) There cannot be duplication in billing for the program participant. The PSH provider and the TH provider must coordinate to ensure that appropriate services are provided, and the same services are not being paid for out of both grants.

II. Permanent Supportive Housing (PSH)– DedicatedPLUS

After January 1, 2021 all CT BOS PSH became DedicatedPLUS, and the following eligibility criteria apply.

	DEDICATEDPLUS PSH - DEFINITION & REQUIRED EVIDENCE

IMPO	IMPORTANT NOTE ON RETENTION OF ELIGIBILITY FOR PEOPLE RESIDING IN RRH (HUD FAQ 529 and AAQ				

IMPORTANT NOTE ON RETENTION OF ELIGIBILITY FOR PEOPLE RESIDING IN RRH (HUD FAQ 529 and AAQ 168792)- Program participants that are receiving Rapid Re-Housing Assistance through programs such as the Emergency Solutions Grants (ESG) Program, the Continuum of Care (CoC) Program, OR the Supportive Services for Veterans Families (SSVF) Program, maintain their homeless status for the purpose of eligibility for CoC-funded permanent supportive housing (so long as they meet any other additional eligibility criteria for these programs). Additional details follow:

- For people currently enrolled in RRH and seeking transfer to PSH, it is not required that eligibility for PSH was verified at intake into RRH.
- Rather, documentation that the person met both the required length of time homeless and disabling condition criteria at the time of RRH entry can be obtained at intake into PSH.
- Time spent residing in a RRH unit does not count towards the length of time homeless requirement for PSH.

III. Rapid Re-Housing (RRH)

REMINDER: This form is not to be used by YHDP programs. YHDP RRH programs may also serve individuals or families coming from transitional housing. For more information about YHDP program eligibility see the YHDP Homeless Verification Form and other youth-specific materials at <u>http://www.ctbos.org/youth/</u>.

DOCUMENTATION REQUIREMENTS

Except as noted below the following standards apply to all project types (i.e., TH, RRH, Joint TH/RRH, DedicatedPLUS PSH, and Chronically Homeless Dedicated PSH)

Acceptable forms of evidence:

All CoC programs are required to maintain and follow written intake procedures (see <u>Sample Project Intake</u> <u>Policy</u>) establishing the order of priority for obtaining evidence as:

First Priority: Third-party documentation

- A printed HMIS record or record from a comparable database;
- A letter from a **housing/service provider** (e.g., shelter, outreach, RRH worker, CAN, or soup kitchen worker, doctor, therapist, counselor or other service provider). Housing/Service providers and intake

workers must specify each month of encounter, the location of each encounter, the living conditions, and nature of the conversations that indicated the person was experiencing homelessness. Providers may not provide documentation for months in which they did not encounter the person. For situations in which providers did not observe the location where the person resides, they must state why they believe to the best of their knowledge based on professional judgment that the person is experiencing homelessness. Housing/service providers may document homelessness even if their encounter with the client occurred in a setting other than the living location (e.g., a soup kitchen, drop-in center, library, or office).

- A letter from a **community member** (e.g., clergy person, educator, law enforcement officer, elected official, neighbor, relative, or shopkeeper) attesting to having physically observed the living location, describing that location, and specifying the months in which observation of the living location was observed.
- Documentation by the **intake worker** of the information provided orally by a community member who is unwilling to provide a written letter. Documentation must include all details specified above as required for a letter from a community member.

Second Priority: Intake worker observation

• A written observation by an outreach worker of the conditions where the individual was living; **Third Priority:** Certification from the person seeking assistance – allowable only when qualifying as Category 4 (DV), Chronically Homeless, or DedicatedPLUS.

- Where a person is being qualified as Category 4 (DV), Chronically Homeless, or DedicatedPLUS and first or second priority evidence described above cannot be obtained, a certification by the individual seeking assistance is allowable. SEE DETAILS AND LIMITATIONS ON USE OF SELF-CERTIFICATION EVIDENCE BELOW. Such self-certification evidence must:
 - ✓ Include a dated letter signed by the applicant attesting to the qualified locations where the applicant lived and the approximate dates living in each location; AND
 - ✓ Be accompanied by documentation by the intake worker of the living situation and circumstances that necessitate reliance on self-certified evidence (such as, client was camping in a remote area and did not have contact with any service providers or emergency shelter where client resided was unresponsive to multiple attempts to obtain third party documentation); AND
 - ✓ Be accompanied by documentation of steps taken to obtain third-party documentation, including documenting attempts to locate HMIS records and attempts to obtain letters from an emergency shelter or other service provider knowledgeable of the applicant's homelessness

<u>Requirements for all third-party, intake worker documentation of oral evidence provided by a community</u> <u>member, and intake worker observation letters</u>

All letters must be signed and dated. Where applicable, letters must be on agency letterhead. The name and title of the person signing must be indicated. If the signatory does not have a relevant title, then the letter must state his/her relationship to the client. All content must be legible.

Details and limitations on use of self-certification evidence:

• **<u>DISABILITY –</u>** Disabling conditions cannot be self-certified.

- <u>FOR HUD CATEGORY 4 (DV)</u> HUD stresses that where the safety of the individual or family may be jeopardized by an intake worker's attempt to obtain third-party verification, that the intake worker must not attempt to obtain, under any circumstances, third-party verification and may accept written self-certification by the individual or head of household.
- **FOR TH AND RRH** Third-party documentation or intake worker observation required
- FOR DEDICATEDPLUS AND CHRONICALLY HOMELESS DEDICATED PSH Up to 3 months of homelessness can be documented through self-certification. In limited circumstances, up to the full 12 months of homelessness can be documented through self-certification. Self-certification of the full 12 months should be limited to rare and extreme cases and may not be used for more than 25 percent of households served by a project during an operating year. This limitation does not apply to documentation of breaks in homelessness between separate occasions, which may be documented entirely based on self-report. HUD allows self-certification while third-party documentation is gathered for up to 180 days (participants enrolled for fewer than 180 days can be excluded from the determination of whether at least 75% of participants have at least 9 months of third-party documentation). Self-certification must be accompanied by documentation of intake workers' attempts to obtain third-party documentation.

Part 7: Quick Reference Guide - Eligibility for CT BOS CoC Programs

Important Note: This guide is intended for quick reference only. CoC Programs should carefully review all details regarding homelessness and disability requirements and ensure adequate documentation is in each participant chart to avoid monitoring findings and recapture of program funds by HUD.
